

Standard Size

Size: 9.84' x 13.12'L x 6.89'H

\$3129.20 + GST

- Incl. 1 top window, auto opener, shelf, door, and back window
- 8mm Lexan Polycarbonate Thermoclear – Limited 10 year yellowing and breakage warranty
- Stainless Steel Frame
- Drip Guard technology
- Wind resistant design
- Extendable (2m increments)

Extended Size

Size: 9.84'W x 19.68'L x 6.89'H

\$3890.90 + GST

- Incl. 1 top window, auto opener, shelf, door, and back window
- 8mm Lexan Polycarbonate Thermoclear – Limited 10 year yellowing and breakage warranty
- Drip Guard technology
- Extendable (2m increments)

HOW DOES IT WORK

Drip Guard Technology

- A unique proprietary hydrophilic coating which reduces the contact angle of condensation droplets
- Light transmission is not blocked by condensation droplets
- Helps prevent dripping of water droplets onto crops/plants in your greenhouse

Lexan Polycarbonate Thermoclear

- Lighter weight than glass
- Impact resistant
- Durable
- Flexible
- High light transmission
- Weather and UV resistant
- Excellent thermal properties

R-value measures how well insulation can prevent the flow of heat into and out of the greenhouse. Higher R-value means greater insulation performance

Product	R-value (ft2hrF/BTU)
6mm Twin Wall	1.59
8mm Twin Wall	1.74
10mm Twin Wall	1.88
16mm Triple Wall	2.50

Installation

- Intuitive step-by-step installation instructions
- Online video assistance
- Precut Thermoclear panels (no cutting required)
